Reader! Ascertain **How best to make your living!**

And what Music **—Piano, Singing etc.,—or Inventive,** or **Song, Story, Ad. Writing,** or **Designing,** etc., etc., ability you are endowed with.

COPYRIGHT 1911 BY PROF. F. J. CAVANAGH TORONTO

Reader! All the faculties pictured in the above head are really in **your Head.**

Get it tested and find out what **Trade, Business or Profession** you are, or can become fitted for?

The **Brain** of even an average man or woman has surprising possibilities in it.

Mine is the **Science** which has enabled many who were poor to become more learned, or capable and some even to become **Rich,** or comfortably off.

One gentleman stated:—"I cleared," said he "**$1,000,000** (Million dollars) in real estate, through advice given me by Prof. Cavanagh."

Another said:—"I got a chart from the professor only seven years ago and **100,000** dollars it was worth to me."

His Lordship Chief Justice Rose, highly recommended this Science to the Government. David Ferrier, M.D., Francis Farquharson, M.D., George Gardner, Surgeon, Dr. Adams, Dr. Fenton, Dr. C. Thompson, Wm. Weir, M.D., Dr. Shurtleff, G. D. Cameron, M.D., Dr. McPherson, etc., etc., etc.

Letters or references from distinguished persons: Governor-General Lord Aberdeen, General Manager Hays, The Surgeon-General U.S., Hon. John D. Long, Sec'y Navy, The Right Hon. Sir Wilfrid Laurier, Hon. Frank Smith, J. Anderson, M.D., Dr. Boardman, Dr. Allen, Sir G. S. MacKenzie, Dr. Hall, etc., etc.

Read My New **$5.00** surprising books, with information never found out in **CENTURIES** until discovered by me. They will be well worth your while to read if anything is wrong with you in brain or body.

"An Examination of the head is sometimes a revelation."—The Telegram.

The shrewd man or woman will test some things at least **ONCE.** Say, "I'll try anything once," and thus often avoid a life-long regret, that many too-cautious or doubtful persons suffer from.

ADVERTISING
According to Elbert Hubbard advertising is the education of the public as to who you are, where you are, and what you have to offer in the way of skill, talent or commodity. The only man who should not advertise is the man who has nothing to offer the world in the way of commodity or service.

TINWARE

We are prepared to manufacture anything in tinware. No order is too small nor none too large for us to handle. Manufacturers whose products are partly made of tin will find our facilities for producing such work unexcelled in Canada. Materials and workmanship are first class in every respect and charges are low because of our modern equipment.

As general tinware manufacturers we make for sale to the trade a great number of superior lines including our "Daisy Ash Sifter," the most satisfactory sifter on the market which can be sold at a moderate price; Genuine Hand-Made Wash Boilers of all styles and sizes; Cake Tins, Tea Kettles, Steamers and Boilers, Camp Kettles, Pails, all kinds Lunch Boxes, Frying Pans, Roasters, Garbage Cans, Stove Pipes and a complete line of all Household and General goods in tin, galvanized and copper.

Here is our new plant where we have modern equipment, expert employees and large capacity. Every facility enables us to handle all work in systematic order ensuring prompt delivery.

MIGHT'S CANADIAN AUTOMOTIVE DIRECTORY

TORONTO POLICE DEPARTMENT

STREET TRAFFIC REGULATIONS

1.—The word "Street" means any public road, street, alley, lane or other means of communication, and the word "vehicle" means every description of carriage, cart, wagon, buggy, truck, sled, sleigh, bicycle, motorcycle, automobile, car, street car or other vehicle of whatever description.

2.—Absolute control of street traffic is vested in the police.

3.—Between the hours of 9 a.m. and 4.45 p.m., Sundays and Holidays excepted, no vehicle shall stand on any street named in paragraph four for a longer period than thirty minutes, and between 4.45 and 6.00 p.m. no vehicle shall stand for more than five minutes on the streets named.

4.—Adelaide Street, from Church to Sheppard Street.
Richmond Street, from Church to York Street.
Bay Street, from Wellington to Queen Street.
Wellington Street, from Church to York Street.
Victoria Street, from Colborne to Queen Street, stand west side only.
Church Street, from Richmond to Queen Street.
Jordan Street, stand east side only.
Toronto Street.
Lombard Street.
Melinda Street.
Colborne Street, stand north side only, Scott to Market Street.
Temperance Street, parking in centre only.
Leader Lane, no vehicle be permitted to stand.
Court Street, parking south side only.

5.—On King Street from Church to York, on Yonge Street from Front to Dundas, on Queen Street from Bond to Simcoe, the time limit for standing from 9 a.m. to 4.45 p.m., is 15 minutes, and from 4.45 to 6 p.m., 5 minutes.

6.—Vehicles shall not pass street cars while passengers are getting on or off; they must stop six feet distant.

7.—Vehicles shall keep to the right and as near the curb as possible.

8.—Vehicles meeting shall pass on the right, and overtaking pass on the left, and in stopping do so with right side to curb.

9.—Raise the arm when stopping, slowing up or turning. When turning to right into intersecting street keep close to curb, and to left only after passing centre of intersecting street.

10.—Drivers when approaching street intersection will watch the policeman for signals, and when signalled, act promptly.

11.—Vehicles shall not stop on or obstruct crossings, and shall reduce speed when approaching crossings and standing street cars.

12.—No vehicle shall stand in front of the entrance to a theatre, hotel auditorium, office building or any building where large assemblages are being held, or where goods or merchandise is taken in or out.

13.—No vehicle shall stand within fifty feet of a street intersection on streets on which street cars are operated, or 80 feet in any portion of any street where street cars stop to receive or discharge passengers, or take on air.

14.—No vehicle shall stand within five feet of a fire hydrant, or be parked or stopped in such a position as to prevent convenient movement of another vehicle already stopped.

15.—No vehicle to be parked on any bridge within the municipality

16.—The following named streets are designated as one-way streets:—
Victoria Street, between Colborne and Adelaide Streets for northbound traffic only.
Leader Lane for southbound traffic only.

The driveway on the east side of Queen's Park for northbound traffic only.
The driveway on the west side of Queen's Park for southbound traffic only.
Spadina Avenue on the east Crescent for northbound traffic only.
Spadina Avenue on the west Crescent for southbound traffic only.

17.—Where a person travelling on a street in charge of a vehicle meets another vehicle at an intersecting street, the vehicle on the right hand shall have the right of way.

18.—Unlicensed delivery vehicles must have owner's name shown thereon.

19.—Heavy delivery and advertising vehicles loaded or empty must keep off Yonge between Melinda and Albert, King between York and Church, and Queen between York and Victoria.

20.—Persons under 16 years shall not drive any vehicles in the city.

21.—Processions of fifty or more persons are not permitted without police sanction.

22.—Processionists must obey police as to allowing street cars or other traffic to pass through procession.

23.—The police have authority to divert traffic at will during passage of processions.

24.—The following locations are designated for parking purposes limited to two hours in any day between 9 a.m. and 6 p.m.:—

A Stock of 18,000 Armatures

This illustrates in detail the method of stocking armatures in United Motors Service Branches. This system facilitates locating of any desired armature and eliminates chances of damaging.

The combined stock of armatures carried by the Branches of United Motors Service is approximately 18,000.

Each Branch carries an average stock of 1,000 armatures of varying sizes and design.

This gives you some idea of the enormous stock of just one part which it is necessary to carry in every Branch in order to give you prompt, efficient service on Delco, Klaxon and Remy electrical equipments.

And this stock is duplicated on a smaller scale by each Authorized Distributor of United Motors Service Incorporated.

Genuine *Ford* Parts For Sale Here

TO get the utmost service from your Ford demand that only genuine Ford parts be used in repairing it.

To use "spurious" parts is to take the risk of damaging your car. Certainly you will not get the satisfactory service that you expect from your Ford if it is repaired with parts not made in the Ford plant.

Genuine Ford parts can now be obtained everywhere.

It is no longer necessary to look up any special garage. There is no need to accept anything but genuine Ford parts.

Wherever you drive your Ford you will find reliable garages giving service to Ford owners and supplying genuine Ford parts.

Look for the Ford Service Sign. It is displayed by ***700 FORD Dealers and an additional 2,300 Ford Service Garages in Canada.***

Economy of Ford Service

WEAR is unavoidable even in the best car, but certain parts wear out more quickly than others. There is no need of scrapping your car because the piston rings have seen their day, because the platinum points of the vibrators are worn out. Probably the rest of the car is as good as new.

Medical men agree that the human body is renewed, cell by cell, every seven years. You an do the same with your Ford Car and prolong its life at minimum cost by replacing worn parts from time to time.

Ford Service has been the means of doubling the lives of hundreds of Ford Cars, and cutting down the cost of motoring.

It will pay you to have your car overhauled and repaired by Ford representatives. ***700 Canadian Ford Dealers and an additional 2300 Ford Service Garages supply genuine Ford Parts and prompt repair service.***

When buying, choose a Ford, and take advantage of the economy of Ford service.

Remarkably Easy Terms If Desired.

We will take your present Ford as part payment on a new one.

We are the most centrally located dealer in the down-town section of the city, and herewith submit a few reasons why you should buy your Ford Cars, Trucks and Service from us.

We save you real money on your Ford car requirements, as we have equipment to do all repairs in our own garage Such as:

1. **Repairing damaged and frozen radiators.**
2. **Repairing damaged bodies and fenders.**
3. **Welding and brazing.**
4. **Painting and lettering.**
5. **Tire and tube repairing.**
6. **Recharging batteries.**
7. **Overhauling in all its branches, including running in motors before replacing same in car.**

This enables us to save you the cost of trucking these articles out for repairs and also the outside man's profit. None but real Ford mechanics with many years' experience on Ford Cars are employed by us. We, therefore, fully guarantee all repair work done in our shop.

3274 passengers in cars of 31 different makes drove up before this Opera House entrance one evening last month. Many of them are travelling in second-class comfort not realizing that they pay first-class prices for it.

Does it Really Cost any More to Travel First Class

YOU will often hear people say, with an air of resignation, how much they would rather ride in a Packard, if they could only afford it.

Putting the Packard owner in a class apart, with special comforts and privileges—assuming that he pays more for his motoring than they do.

A GREAT many people would be less resigned to their own inconveniences of travel, if they knew how little the Packard owner pays for the comfort they speak of.

Packard Transportation never costs more than second-class transportation—and often less.

The gasoline mileage of the Packard is from 10 to 14, according to road conditions. The oil mileage, 250 to the gallon. Tires, properly cared for, 12,000 to 16,000 miles.

The Packard exclusive heat-treating process adds greatly to the strength of the steel, reducing repairs and depreciation.

The longer life and greater used value of the Packard more than takes care of the difference in initial investment.

FOR twenty years the Packard Company has been studying motor cars from the standpoint of Transportation Experts. Time after time it has proved that trying to save on the initial investment costs a man more in the long run than buying a Packard.

Transportation facts are not a matter of compromise, but absolute—as the Packard Transportation Experts can show any man who really wants the facts.

You pay no Exchange and send no money out of Canada when you buy a Packard. Let us tell you why.

Standard Eight.

There Are Many Cars Represented on the Canadian Market, But Few Equal and None Surpass the Standard Eight in Beauty and Power

STANDARD EIGHT

A Powerful Car

The Standard Steel Car Co., of Pittsburg, Pa., producers of the Standard Eight Car, experimented for five years before putting their "Hall Mark" on this Car, which represents the last word in automobile construction.

The range of performance of the Standard Eight on high gear is from three to sixty-five miles per hour, and the car is conceded to be the most powerful Hill Climber on the road to-day, while the gasoline consumption is low when you consider the luxury of power.

WHAT WE TEACH — Testing, Locating Trouble, Repairing and Driving all Makes of Cars

OUR COURSE OF PRACTICAL INSTRUCTION brings the student in touch with all kinds of automobile construction and repairs, and we give particular attention to the ELECTRICAL WORK on the car.

CAREFUL INDIVIDUAL INSTRUCTION is given each student and he is taught to do all important automobile repair work and to handle the tools with his own hands under the direction of a competent Instructor. Also careful instruction in driving a machine.

DAY AND EVENING INSTRUCTION PERIODS are available. Day Classes—Every week day except Saturday, 9.30 a.m. to 4.30 p.m. Evening Classes—Monday, Wednesday and Friday, 7.30 to 9.30 p.m., are particularly for those who are employed during the day.

TERMS AND LENGTH OF COURSE. Our Evening Course can be completed in from ten (10) to twelve (12) weeks depending somewhat upon the student's ability and the interest he takes in his work. Day Classes approximately two months. (Both Day and Evening Classes Five Weeks.)

THE COST of our full complete Automobile Course, including all use of tools, etc., is SIXTY-FIVE DOLLARS ($65). Special weekly terms if desired.

Call or write for any further information desired. We want to help you.

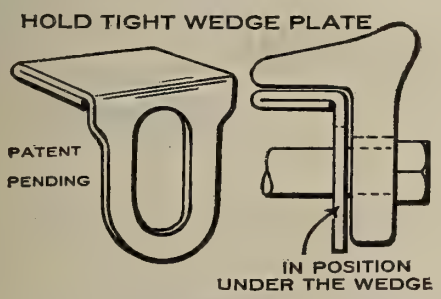
Hyslop's Automotive Equipment

The unprecedented output of Automobiles, Trucks and Tractors has correspondingly increased the demand for Equipment and Supplies. We have anticipated every demand for quality accessories for motor driven vehicles, and, therefore, carry the largest and most complete line of standard as well as the newest devices and equipment calculated to win instant approval from those who use them. Below are illustrated a few items culled from our 1920 catalogue.

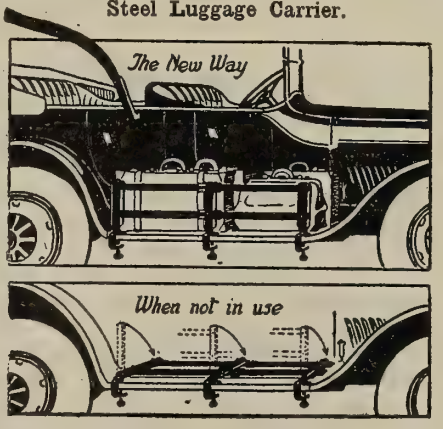
KELLOGG ENGINE DRIVEN TIRE PUMPS



Typical Transmission Installation.

Typical Motor Installation.

Designed for durability and efficiency, the value of the Kellogg power tire pump equipment to the car owner cannot be overestimated. The majority of cars not carrying Kellogg pumps as regular equipment have transmissions with openings prepared for the easy attaching of the Kellogg pump. Kellogg Engine-Driven Tire Pump Equipment with all fittings, brackets and necessary gears, together with a fifteen foot hose and gauge, packed in a sealed carton with full instructions for installing.



Hold Tite Wedge Plates Stop the Squeak

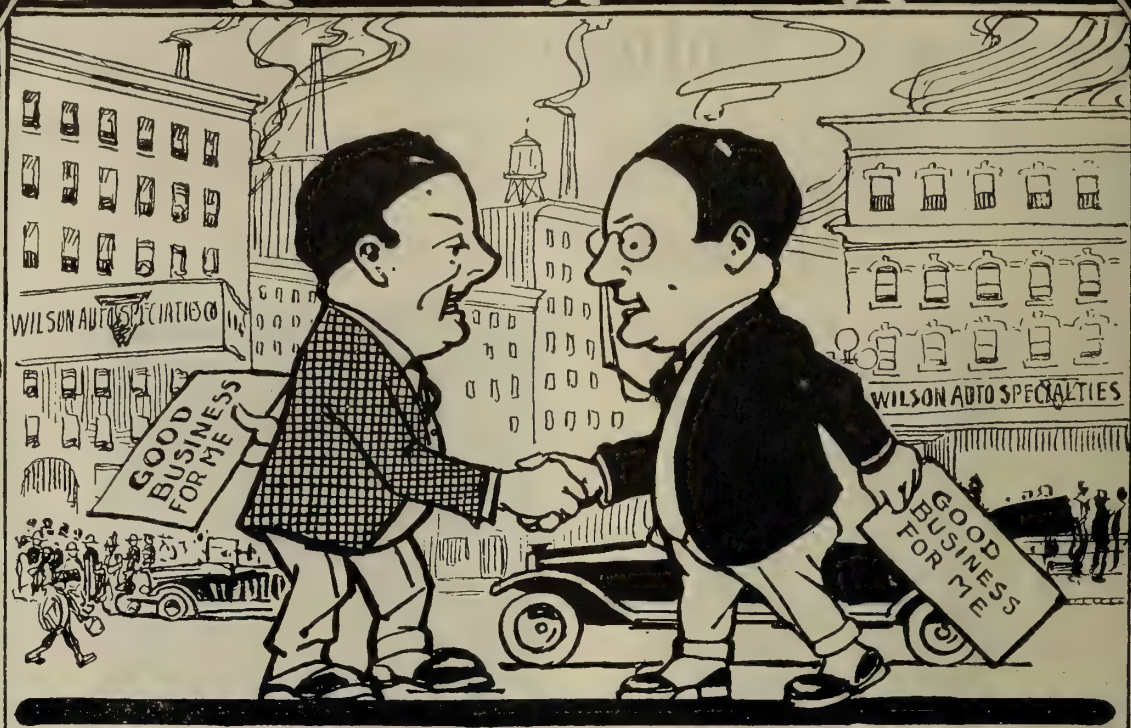
Instantly eliminates demountable rim trouble caused by stretched rims or worn lugs, besides stopping that annoying squeak.

Fits under the lugs, easily applied, permanent. Prevents injury to rims, tires and wheels.

Steel Luggage Carrier.

Carries bundles and suit-cases safely and without shifting, and where they will be out of the way.

Attaches securely to running-board by hand operated thumb screws.



Folds down flat when not in use and is hardly noticeable.

Dealers:—The Hyslop line offers you tremendous sales possibilities, plus large profits. Every item in our huge stock is a quality line that motorists have made popular by their ever increasing demands. Every device must stand a rigid test and possess exceptional merit before we place it on the market. Build up your business on the Hyslop Quality and Service Line.

An Automobile Starting Battery Guaranteed for Two Years!

A GUARANTEE is the measure of a manufacturer's faith in his battery—based on past performance. If he guarantees his battery for only ninety days or six months or a year, he is probably sure that it will last that long. But beyond the period of the guarantee he is asking you to take a risk which he is not willing to take himself. It is unbusinesslike for you to take such a risk when you can buy a Philadelphia Diamond Grid Battery that is guaranteed for TWO YEARS.

The Diamond Grid is the framework on which each of the plates is formed. Its Diamond Construction is similar to the Diamond Construction used on the ways and cranes in shipyards and in most other strong structures. In your battery the Diamond Grid means strong plates and is your insurance against plate trouble.

The Philco Retainer is a sheet of hard rubber closely perforated with long narrow slots. A Retainer is placed flat against the active material on each side of each positive plate. In any battery the positive active material tends to slough off as the battery grows older. The slots in the Philco Retainer are so narrow that the material cannot readily pass through them and the result is greatly prolonged battery life.

Both Rubber for the Same Reason

There are other materials for insulating wire and other materials for insulating the plates of an automobile starting and lighting battery, but there's none for either job that quite comes up to rubber.

And the reason is the same in both cases:

Because rubber combines the necessary strength, long life and insulation value better than any other material.

When its advantages were finally made available in Threaded Rubber Insulation it became apparent at once that there was one great big difference between this insulation and the ordinary kind. The ordinary kind usually has to be replaced at least once during the life of the battery, but Threaded Rubber Insulation does not.

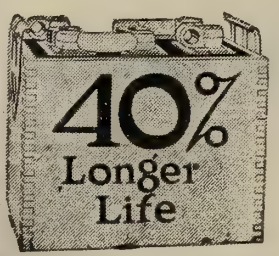
CITY BATTERY SHOP

Mr. Car Owner:

Do you CHOOSE the shop where your battery is recharged or repaired?



A "Tradename" battery needing attention usually is sent to a "Tradename" repair shop just because of the name of the shop, and not at all because of the quality of work done in the shop.

The CITY BATTERY SHOP is tied to no battery name. We repair any make of battery, and customers come back to us because honest work at honest prices was done on the first visit. We satisfy our customers. We stay in business because we do reliable battery work.

WE SERVE THE CAR OWNER NOT THE BATTERY FACTORY

Phone us for recharging, repairing, for inspection or opinion on any battery; ask your garage man to send your battery to us. Our service car will call and leave a battery while we put your battery right. We give careful winter storage and guarantee satisfaction.

If you need a new battery, we sell a high quality make which will give you more RELIABILITY per dollar of cost than any other make of battery offered for sale in Canada. A TWO-YEAR guaranty. Not the lowest first cost, but the cheapest long run, the cheapest monthly service.

We give you the maker's "cash allowance" guaranty, endorsed by us personally, with all complaints satisfied personally in our shop.

Have you ever owned a quality battery like that?

Ford Owners will flock to your garage

IF—You give them the best you have in the way of service. When it comes to brake-linings you should use linings which grip without chattering, which wear well, which make the car more enjoyable to its owner.

LION Brake-Linings for FORD CARS

satisfy the Ford owner. Bring him back when he needs more service. Make him tell his friends about your service. Ask your Jobber to send you a trial order.

Lyon Resilient Indestructible Bumpers.

Styles made for front and rear of all cars. Being made of high grade spring steel and carefully oil-tempered, Lyon Bumpers absorb the shock and save the car, without damage to the bar, except in unusual cases. At 12 to 15 miles per hour, the car is protected and the bar springs back to its normal position. Lyon Bumpers pay for themselves many times over.

"MAYER"
Special Ford Carburetor

MILEAGE

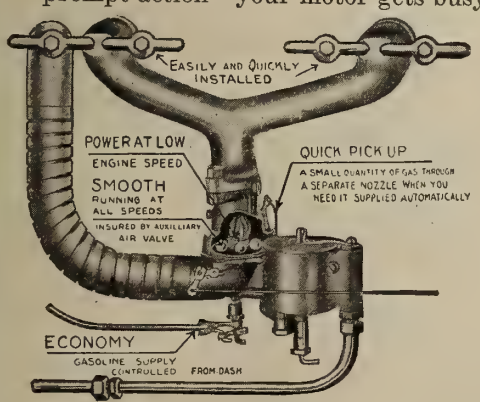
The satisfaction derived from quick getaway and smooth running qualities cannot be figured in dollars and cents but your "miles per gallon" can. We could fill pages with statements and testimonials showing mileage increase of 25 to 50 per cent. but

We are going to leave the "miles per gallon" to you as covered by our guarantee herewith.

GUARANTEE

If after using this Carburetor for thirty days you do not find that it works better in every respect than any other Carburetor you have ever used, return it and your money will be refunded.

What are you getting for Your Money that passes through the Carburetor?



This Carburetor is simple in construction, is automatic, having no adjustments except needle valve which is controlled from driver's seat by means of a dash adjustment.

Mayer Special Ford Carburetors are constructed to automatically supply a small quantity of gasoline through a separate nozzle when throttle is opened to insure quick getaway. When this has been consumed it again runs on the leanest possible mixture. This feature accounts for quick getaway and smooth flexibility while automatically conserving gasoline.

No matter whether you drive your own car for pleasure or use a hundred of them for delivery purposes you will be interested in the improved performance of your car equipped with our Special Ford Carburetor.

Years of Experience

We have devoted fourteen years to building Special Carburetors exclusively, and the Mayer Ford Special Carburetor is the result of the wide experience thus gained. We have incorporated in it all the best features of the many good Carburetors that we have built in the past, and have added our latest development, the AUXILIARY GASOLINE SUPPLY, which has never been used on any other Carburetor. This feature makes acceleration positive; when you open the throttle there is no hesitation, no spitting back, but prompt action—your motor gets busy at once.

Furnished Complete

No mechanical changes required. Anyone can put it on in thirty minutes. Price $25.00, includes Carburetor, Manifold Hot Air Pipe, Throttle Control Rod, Dash Adjustment, Gasoline Line Extension. Every part that is required. If your car has a starter which was installed by the Ford factory, please state that you require the "Liberty Starter Type" carburetor.

Quick, Smooth "Get-a-Way" for FORDS

C. & F. Seat Covers

Known from Coast to Coast

The great improvement in appearance, the increased comfort, and the added selling value of car, obtained through the installation of our Seat Covers, are now universally admitted, and justify the expenditure as an investment. They can be obtained through any dealer or jobber of automobile accessories in Canada, and our Guarantee is absolute. Note the correct design, and the neat finish, which mark our Seat Covers as strictly high-grade.

C. & F. Engine Hood Covers

Our heavily quilted Engine Cover, interlined with hair felt, will protect your motor in the most severe weather. The Fan Front, shown on the left, does away with the inconvenience of rolling up and buttoning the front when standing. This feature will be appreciated by all motorists who are familiar with the roll-up front—in zero weather.

We also manufacture a less expensive Engine Hood Cover, which is very satisfactory for moderate weather, or in severe weather if car is not left standing too long.

Purchase through your dealer or jobber.

MARSHALL SHOCK ABSORBING CUSHION

Here is shown in phantom fashion the side view of a car to illustrate the relation of a passenger and the ***Marshall Shock Absorbing Comfort Spring Cushions*** in the seats and upholstery. You will notice how a veritable nest of small springs suspends the person, preventing any possibility of the body coming in contact with any solid substance.

Nestled comfortably into the cushion and anchored snugly, seemingly one rides on air. Violent expansion and contraction is eliminated.

The bumps disappear and the road becomes a veritable speedway. A decidedly new riding comfort is enjoyed by the occupants of the car.

PEDLAR'S "PERFECT" ALL-METAL GARAGES

Roomy, Substantial, Good Looking, Well-lighted, Fireproof

THE rent you pay at a public garage amounts in a few months to enough to pay for a Pedlar Garage of your own. A Pedlar Garage will give you many years of cost-free service—first cost is the only cost. You can erect a Pedlar Garage yourself, or hire a couple of handy men who will put it up for you in a few hours. And your Pedlar Garage, being a well-designed, substantial building is a credit to your property.

GEAR COATING

INTERNATIONAL CHEMICAL CO., 44 Lombard St., Toronto, Ont., Phone Main 5898. (Manufacturers).	**Dealers and Direct. (See adv below)**	**Sticks like a burr.**

Suggestions to Users.

Do not use oils in connection with the gear coating.

Lubricating oil should be cleaned out before INTERNATIONAL gear coating is applied.

Oils destroy the tenacity of the coating.

If too thick, liquefy by heating.

All parts to which you expect this coating to "stick" must be thoroughly cleaned and dried. It sometimes requires more than one application to clean gears as they should be for best results.

In boxed or enclosed gears, pour in only enough to allow the bottoms of the gears to run in the lubricant to the depth of one inch.

International Gear Coating

STICKS LIKE A BURR.

FOR ALL BOXED OR ENCLOSED GEARS.

Three Degrees of Density.

International Gear Coating is made in three degrees of density. For summer use we recommend using the No. 1 or 2, but if the gear case is tight, the No. O can be used. These gear coatings will outwear any grease three times over, and at the same time puts a protective face on the gear that will protect and silence the drive.

Order International Gear Coating when filling the gear case. It will pay you. If your dealer does not carry it in stock come to us.

INTERNATIONAL CHEMICAL CO., 44-46 Lombard Street Toronto, Ontario.

Do You Sell All the Oil Your Customers Use?

Every customer you have buys about:
$15 worth of oil every year for his automobile, or
$90 worth of oil every year for his motor truck, or
$120 worth of oil every year for his tractor.

Go after the total oil business of each one of your customers. Sell them VEEDOL, The Lubricant That Resists Heat.

VEEDOL reduces 86% of the sediment caused by ordinary oil.
VEEDOL reduces friction and wear.
VEEDOL makes every user a permanent customer.
That is why dealers last year made $2,000,000 profits on VEEDOL oils and greases.

WRITE FOR THE VEEDOL PROPOSITION TODAY.

A practical garment especially designed for Motorists and Service Station Men

Brush up against the car as hard as you like. There's nothing about Carhartt Allovers to hurt it as in the case of ordinary clothes, for the buttons are concealed.

Carhartt Allovers

Of course, Carhartt Allovers are double stitched. The buttons are riveted, while strain points are doubly reinforced. Throughout the garments are neat, well tailored and generous in cut with plenty of room for give and take. A high-grade denim cloth, tough and durable, assures long life and satisfactory service. Carhartt Allovers, Overalls and work gloves are readily identified by the car-heart button, which is well worth looking for if you are at all particular.

Practically all dealers carry Carhartt Allovers and are glad to recommend them.

GILL RINGS

An Ever-Widening Circle of Pleased Users

can result from one cause—complete efficiency of a product in operation. The remarkable demand for the GILL PISTON RING among motorists and truck owners, the preference it is accorded by mechanics everywhere is solely due to its remarkable sealing qualities. The famous Gill Joint, which consists of two tightly fitting sections, is machined to such an exact micrometrical accuracy that the leakage of gas or oil is impossible.

Regardless of expansion or contraction it seals perfectly, even when the motor is cold. Each Gill Ring is separately cast and, due to the concentric construction, there is maintained an even pressure on all points of the cylinder walls, preventing the cylinders from scoring or wearing out of round

If you desire to carry a stock of GILL PISTON RINGS, make an estimate of those cars for which you do the most replacement work. Then stock up on those sizes. (In stock in all towns and cities in Canada.)

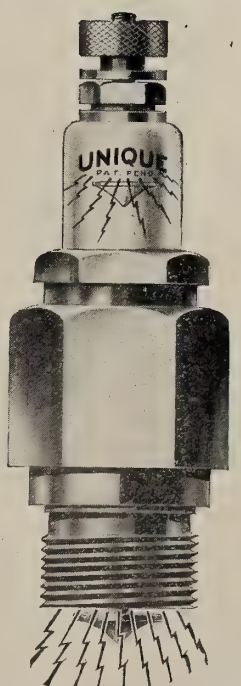
THE "UNIQUE" Deflector Spark Plug



has proved itself to be a real practical Spark Plug of **merit**, that will give **satisfaction**, and is **economical** as well as **efficient.**

The **Steel Body** is sturdy and strongly made of high-grade material.

The **Porcelain** is very heavy and of good **quality.**

The **Circular Firing Area** provides a 360 degree circle of **strong, flaming sparks,** which means **quicker ignition** and **better combustion.** Each spark is as effective as the solitary spark on the one point firing type.

The **Firing Disc** is of Monel metal, and is a further guarantee against fouling, having no small delicate points to corode or burn off.

The experienced motorist recognises at a glance that the **"Unique Spark Plug"** has exceptional qualities in **material, superiority** in design, **efficient** in **service.**

Is the best from standpoint of **strength, material, workmanship, service.**

"KEEPS CLEAN"
Porter Plug
FOR
Automobiles, Trucks Tractors, Motorcycles and Motorboats

THE PLUG THAT "NEVER FAILS"

BECAUSE:—

1. The Patented Explosion Chamber in Porter "Keeps Kleen" Plug is filled with compressed gas from the cylinder.
2. This charge of gas in the Plug being at a higher level and, therefore, at a higher pressure—than the gas in the cylinder—ignites first when Plug sparks.
3. Shooting down the narrow passage this charge burns and blows the surface of the porcelain absolutely clear, maintaining constant maximum insulation and spark.
4. This jet of flame shooting into the cylinder accelerates and completes the combustion of all the gas in the cylinder, thereby increasing energy, power and mileage.

The Porter "Keeps Kleen" Plug is the only spark plug made which always keeps clean and delivers the maximum spark, even though an excess of oil gets into the cylinder.

Lubrication sufficient to prevent premature and excessive wear of pistons, rings and cylinders will quickly soot and short-circuit any other than the Porter "Keeps Kleen" Plug.

The longer any spark plug except the Porter "Keeps Kleen" Plug—goes uncleaned, the dirtier the porcelain becomes, resulting in a rapid increase in leakage of electricity and a corresponding weakening of the spark.

This constant weakening of the spark in other spark plugs—the Porter "Keeps Kleen" Plug excepted—causes increasingly slow and faulty combustion, numerous misfires, loss of pep, pickup and horsepower.

Worst of all is the rapid carbonization of cylinders and valves, wastage of gasoline and oil, general inefficiency of operation and increased cost of upkeep.

OUR GUARANTEE

These Spark Plugs are sold under the following one year guarantee. If porcelain break or leak, if plugs fail to deliver maximum spark even under excess oil conditions, or if plugs short-circuit, within one year from date of purchase, we hereby guarantee to exchange plugs for new ones or refund money.

Note.—Under excess oil conditions rim of porcelain and shell will carbonize, but **that will in no way lessen the spark,** as the sides of the porcelain will always keep clean due to our patented explosion chamber. No short-circuit is possible and plugs should never be cleaned.

Caution.—We declare guarantee void if plugs are taken apart as gaskets are thereby injured and plugs will leak.

THE PORTER PLUG IS FITTED WITH NUMBER "775" STORE CORE, WHICH IS GUARANTEED UNBREAKABLE UNDER GENERAL SPARK PLUG CONDITIONS. THIS CORE WAS DEVELOPED DURING THE WAR FOR AEROPLANES.

Spark Plug difficulties are all overcome in the patented construction of the Porter "Keeps Kleen" Plug.

IT NEVER SHORT-CIRCUITS AND IS ALWAYS CLEAN.

The upstroke of the piston forces the gas from the cylinder up the narrow passage into the compression chamber (marked A on the illustration) of the plug.

When the plug sparks, the gas explodes and sweeps down the narrow passage, burning and blowing the porcelain absolutely clean. As long as the porcelain is clean there can be no short circuit, so the spark must go where it should—to the points.

THE ONLY SUCCESSFUL AUTOMATIC SELF-CLEANING SPARK PLUG.

A Spark Plug That Will Not Foul

That has been the aim of every manufacturer, and the hope of the motoring public—to get a plug that would not carbon up, on which the porcelain would not fracture—in fact, a plug that would function day in and day out without any attention. The

"KeepsKleen"
PORTER PLUG

answers all these requirements, and in thousands of cars, trucks, motor boats and motorcycles today is living up to its name and guarantee "KeepsKleen".

The Porter Plug is made in such a way that each explosion automatically burns or blows off any deposits on the porcelain, keeping the plug free from soot and carbon. That is why the Porter Plug **NEVER** needs cleaning. It can always be depended upon to give the maximum spark, even when an excess of oil gets into the cylinders.

GUARANTEE—If porcelain breaks or leaks, if plug fails to deliver maximum spark, even under excess oil conditions, or if plug short circuits within one year from date of purchase, we hereby guarantee to exchange plugs for new ones or refund money.

As Easy as One--Two--Three

This is the Wheel

MADE with aluminum spider, carefully tested for strength and firmness, yet light withal, with a walnut finish wood rim.

This is the wheel which has caused comment in automobile circles; commended by all who have seen or used it. Like all great inventions it is simplicity itself—simple in its operation as it is efficient. There is nothing to worry about, nor to break. A child can operate it.

Made in 15" and 17" sizes.

Write for Particulars.

RESULTS are what count. After all it's what we actually see, and not what's told us, that we believe.

Any Mitchell Dealer—most likely the leading auto accessory or garage man in your locality—is willing to prove on this basis, that the Mitchell Clear-Room Steering Wheel is one of the best investments you ever could make.

Take hold of the wheel; note its generous circumference, the quality of the workmanship, the carefulness with which every detail is worked up, the generous margins of safety that have been provided.

THEN pull the bolt, and slip the wheel to its vertical position. Easy!—Isn't it? There's lots of room, too. The wheel goes all the way up—not just part way. Even the limited space in small cars is no disadvantage.

NOW slip the wheel from the little back groove. There . . . the car's locked better than with any gasoline or ignition lock. It's plain if you cannot steer a car it cannot be run or towed.

Any way you take it, a Mitchell Clear-Room Steering Wheel spells ECONOMY. In the first place, you get a far superior wheel than the one included as regular equipment on your car. Secondly, you have a guarantee of safety from theft; and thirdly, you obtain a superior wheel, comfort in getting in and out, and the most secure lock known—for $11 and $12.

Surely it is worth your while to investigate. These advantages should constitute an argument without contradiction. The Mitchell Clear-Room Steering Wheel is the one real improvement needed on your car.

THE EASIEST OPERATING WHEEL YOU'VE EVER SEEN. DEALERS WANTED. WRITE—

Cord or Fabric

"That tire certainly doesn't owe me anything" said a motorist as he proudly pointed to a slightly worn Partridge Tire.

The tire in question had gone over 7,000 miles and was practically as good as new.

It is unnecessary to say more —records like the above prove the durability, dependability and economy of Partridge Tires.

PARTRIDGE TIRES

Game as Their Name

Three Reasons Why

PARTRIDGE TIRES

Are the Choice of Many Dealers

1st Every Tire is hand made of the very finest quality of rubber and fabric which makes claims for adjustments rare indeed.

2nd They are rapidly becoming recognized by Canadian motorists as the tire that gives most mileage for the money.

3rd They are advertised in a large way from coast to coast, thus helping dealers to make quick sales.

WE ask you to consider only one virtue of the Goodyear Cord Tire.

Lower cost per mile.

Forget the riding-ease of this supple tire. Forget it's saving of gasoline and Car. Forget it's handsome appearance; its staunch non-skid tread.

Remember only that your year's tire bills will be lower if your car rides on Goodyear cords.

THERE is reason enough for your consideration.

Miles after other tires would have failed, a Goodyear Cord will serve you. The extra price fades into insignificance alongside such mileage.

Buy Goodyear Cord Tires on the basis of low cost-per-mile. Let the other virtues come as bonus value to you.

And when you buy tires ask to see the Goodyear Heavy Tourist Tube—extra thick and extra good, a fit mate for the Goodyear Cord Tire and a better tube for any Tire.

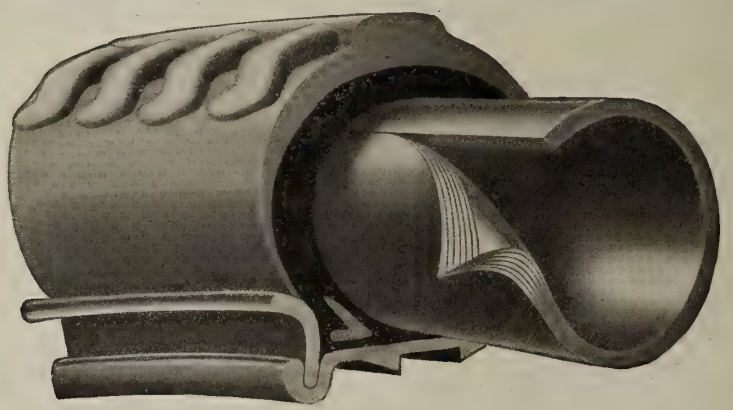
ROYAL OAK TIRES

TOUGHER THAN OAK

Cord 7000 Miles Fabric 6000 Miles

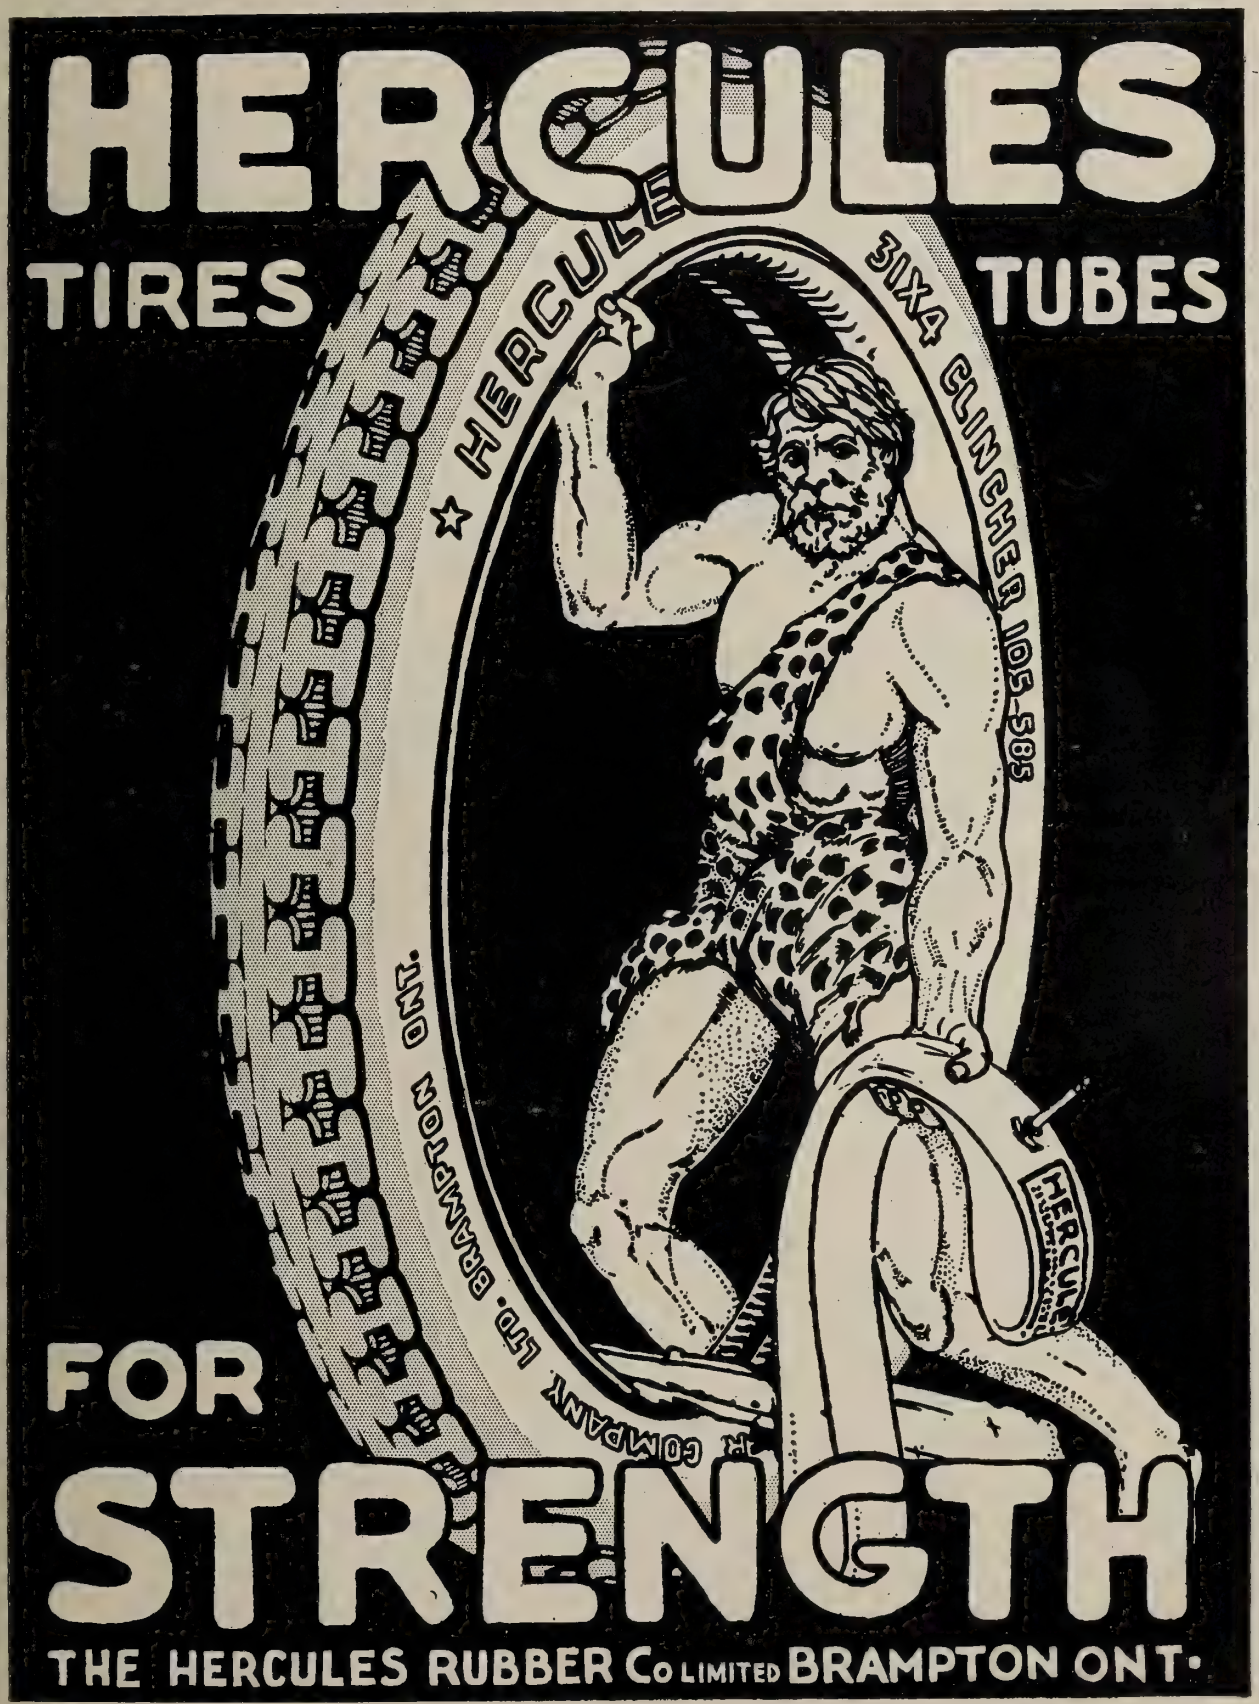


Equip your car with ROYAL OAK TIRES and you'll get a mileage record that may astonish you—a record that will cause you to insist on Royal Oaks next time you buy. We want to sell you tires right along, and the only real inducement we know of is quality. So we offer you only such tires as we can conscientiously recommend.

WE GUARANTEE all pneumatic tires bearing our name and serial number to be free from defects in material and workmanship. If upon examination it is our judgment that tires are defective, they will be repaired or replaced at our option. When tires are replaced by us, charges will be made to owners at the time new tires are delivered, for such amounts as in our judgment will compensate for the service rendered by such replaced tires.

ROYAL RED AND GREY

LAMINATED INNER TUBES



The success of a tire depends largely on the quality of the tube used in it. Therefore, durability is a feature that should be demanded and secured when buying tubes.

Royal Red and Grey Tubes are built of several thin layers of fine rubber vulcanized together into a solid, inseparable, unleakable unit. We have spared neither time nor money to make this line absolutely second to none. The result has been most satisfactory—we have yet to receive a single complaint.

"Traction" (Cord)

Dunlop Cord Tires

The testimony on every hand shows that Dunlop Cords are out-of-the-ordinary mileage Tires, plus unexcelled safety and commanding appearance.

So these Tires have come to mean:

More Rubber.
Longer Mileage.
More Power.
Less Gasoline.
Larger Air Chamber.
Utmost Durability.
Greater Resiliency.
Maximum Economy.

Also made in "Ribbed" Tread.

Dunlop Fabric Tires

While Dunlop Cord Tires are highly favored for their excellent features, Dunlop Fabric Tires are in unabated demand because quality predominates here. Dunlop Fabric is a long-service tire which is running up enviable mileage records and showing an extraordinarily low cost-per-mile average.

Made in "Traction," "Special," "Ribbed," "Clipper" and "Plain."

"Traction" (Fabric)

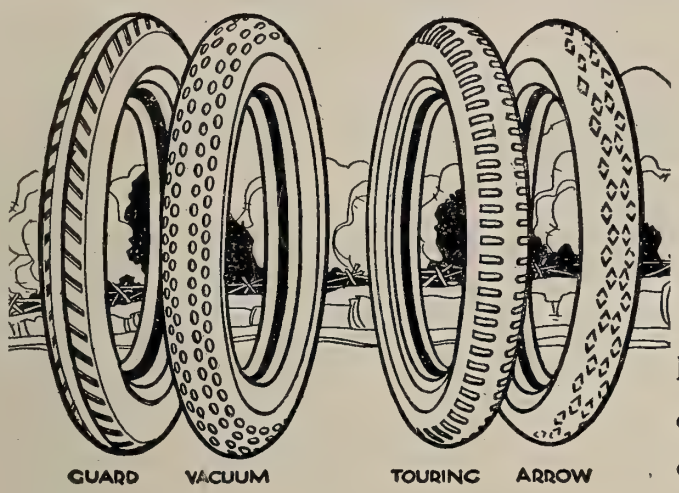
DUNLOP TUBES.

Dunlop Tubes are high-grade articles. The method by which they are built ensures a uniform quality throughout. Long life follows as a natural consequence.

Dunlop Tubes are made in three types—"Regular," "Extra Heavy Service Grey," and "British Dunlop Red." The use of either of the latter two is especially advised in Cord casings. All of these Tubes are giving a gratifying measure of service.

DUNLOP ACCESSORIES.

All Tires and Tubes, irrespective of make are exposed to damage from one cause or another from the day they are put on the car, so that as a measure of protection it is good business to carry a few of the most necessary Accessories, such as Patches, Tape, Repair Kits, Tire and Tube Protectors, Rim-Cut Patches, Stopit Putty, etc.



The Dunlop Line of Accessories consists of over 40 different articles. A special illustrated booklet covering the above will be mailed on request.

COVER YOUR SPARE TIRE
WITH A
TAPATCO
REGISTERED TRADE MARK
BRAND
TIRE COVER

An attractive, well-made cover—protects your "spare" tire from the sun's rays in summer, and from the snow and rain of winter. Keeps out oil and dirt.

Illustration on left shows Tapatco cover for tires on special rim carriers—also for use on wire wheels. Covers tread and sides of tire. Fits neatly, may be used with either Smooth Tread tire or non-skid.

The illustration to the right shows Tapatco cover for use on any style of Strap-on Carrier—and will fit all tires on demountable rims. Covers the tire and rim completely. Overlaps on the inside. Flat spring holds the overlap close to tire—thus keeping cover absolutely watertight.

Write for particulars and prices on our Radiator Hood Covers—a serviceable cover, asbestos lined.

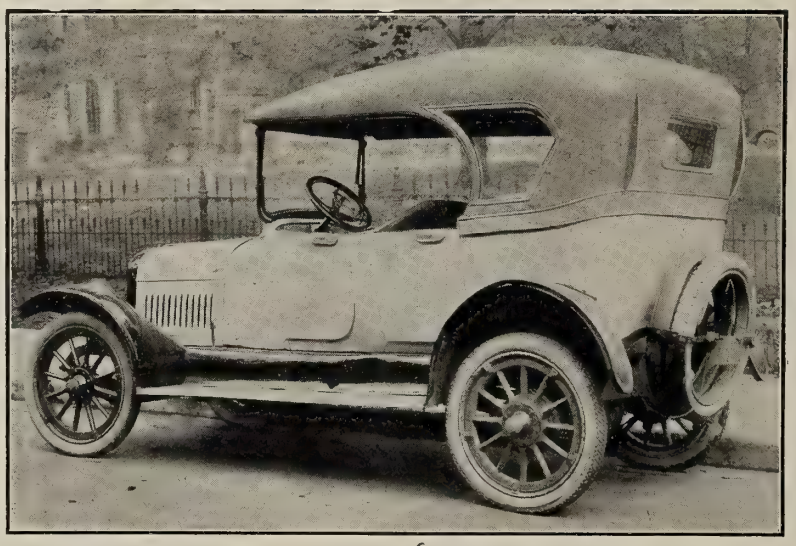
C. & F. Special One-Man Tops



Bring Your Car Up-to-Date

Body lines have altered but little in the past few years; since the introduction of the stream line, the greatest change in the appearance of the motor car has been in the design of the top. One of ours, equipped with self-opening curtains, and, if you wish, semi-Victoria rear side curtains, also fitted with plate glass, will bring your car right up to the minute in appearance, and add greatly to your comfort. Or, your present frame can be recovered, including special features mentioned above, without the expense of having a new construction built.

OUR WORK WILL PLEASE YOU.

C. & F. California Tops

Ideal for summer and winter driving, this style of Top is daily growing in favor with the motoring public. Its beauty is indicated in the illustration, and its serviceability makes an equally strong appeal. From the rear doors forward, the top may be closed in at will by means of our special self-opening curtains. Color and details of design are left to the individual taste.

A One-Man Top for FORDS

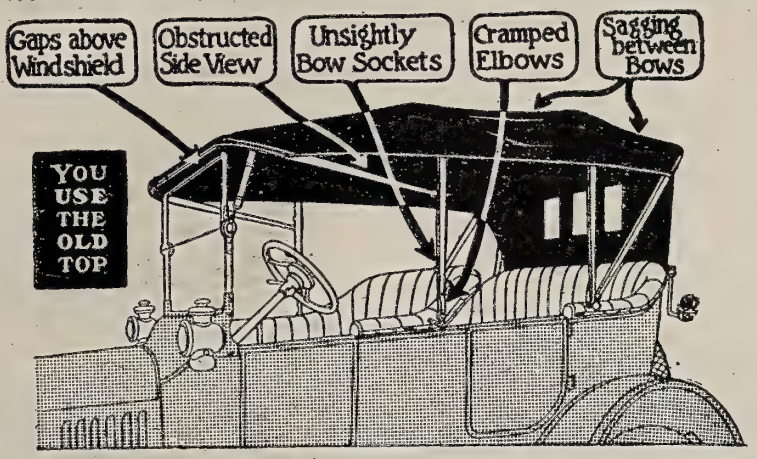
The Pennypacker Top Converter produces a snappy, stream-line, forty-five-dollar-value One-man Top Installed for only

$12.50

Makes an easy operating One-Man-Top that can be quickly raised or lowered.

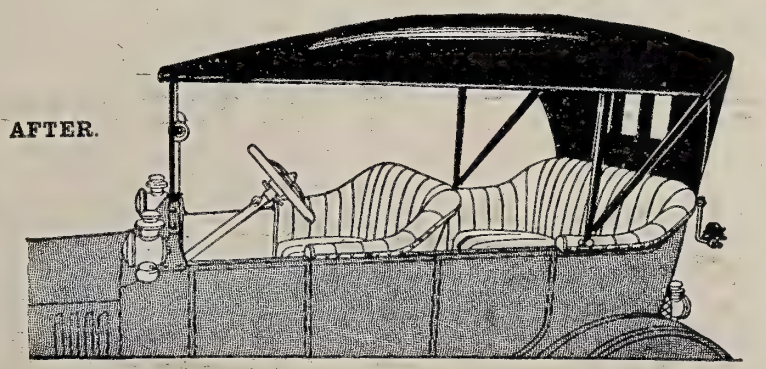
Prevents bumping the head on entering the car.

Permits an unobstructed view at the sides.



Closes the gap above the windshield and prevents that swirl of wind which hits the back of your neck.

Allows the driver absolute freedom of elbows.



Holds the top absolutely rigid to the windshields, preventing all side play, but does not interfere with operation of wind shield.

Stretches the top and prevents it from sagging and wrinkling between the supporting bows thus lengthening the life of the fabric.

The Pennypacker Top Converter Eliminates:

Gives the Ford Top a snappy stream line effect, making the body appear of much greater length.

"THE GYPSY TOP"

We Re-Cover all makes of Tops and Manufacture Special-One-Man-Tops for Fords, all styles of Side Curtains with simplicity doors.

Changing Tires is Simplicity Itself

Every Ford owner needs a Simplicity Demountable Wheel Outfit to complete his equipment. Why put up with the delays and discomforts of roadside repairs? You don't need to lose half an hour every time you have a puncture or a blowout. With a Simplicity Outfit installed on your Ford, you can change a tire in FOUR MINUTES, and so easily that a woman or a child can do the work as quickly as a man.

No trouble—no loss of time—no effort at all.

WE GUARANTEE

that the Simplicity Outfit STRENGTHENS the wheels and will last as long as the car itself.

PRICE: for the complete equipment, including spare wheel, wheel carrier (side or rear) speed wrench, etc., Installed..... **$30.00**

Thousands of Ford owners, including many prominent Canadian firms and private individuals, have equipped their Ford passenger and commercial cars with the Simplicity Outfit, and would not now be without it for many times its cost.
